

CASA LUZ'S TIMES 2021 - 2022

Thanksgiving

On Thursday, 25.11.2021, we celebrated Thanksgiving. In the morning circle Mr. Molina explained with pictures and little videos of the origin of this holiday – how the Native Americans helped the European pilgrims to cultivate food and they then had a big meal together to thank them for their help. Afterwards, the kindergarten children crafted their own little pilgrim hats. Then it was already time for lunch, where we had a real feast. Many different parents brought a dish prepared from home and Casa Luz offered the traditional turkey. We enjoyed lots of mashed potatoes, vegetables, gravy and cornbread. There were plenty of very delicious pies and other deserts as well.

But before we enjoyed it, each child got the opportunity to tell the others what they are thankful for (Moms, Dads and pets got named the most). In the afternoon we did some fun games and one child told us: "I really, really enjoyed this feast".
