

CASA LUZ'S TIMES 2021 - 2022

Going on a Safari

In May, the children in the Krippe went on a safari.

We started the journey by grabbing our binoculars and getting into our jeep. The children rode together and discovered giraffes, lions, and elephants out in the wild. We were extra careful to not get too close to the lion. In the distant, the children could hear lions roaring, elephants splashing in a river and giraffes running nearby.

The Krippe teachers encouraged the children to really make believe and used resources such as safari songs for kids to make the experience more real for everyone.
