

CASA LUZ'S TIMES 2021 - 2022

SUMMER FEST:

On Friday, July 8th, we celebrated our summer fest at the Englischer Garten. We gathered with the families and children of Casa Luz to enjoy a fun and entertaining afternoon, full of games and activities.

We started the afternoon with a dance in which children, teachers and parents participated. Afterwards, cones were handed out to those children who are leaving Casa Luz to go to school next year, and with this wishing them the best in their new stage.

As we all know in Casa Luz we have families of different nationalities and cultures and this year we took advantage of this diversity so that each of the families had the opportunity of bringing a dish, food or drink typical of their country, in order to share with everyone and learn from each other.

This year there were 4 stations to play at, each one very different from the other. There was a station where the children had to knock down a tower of glasses with a ball, as well as another one where they had to pass water from one bucket to another as fast as possible with the help of a sponge. The next station was none other than the popular "sack race game", where the little ones couldn't stop laughing and enjoying the moment. Finally, we had the Casa Luz T-shirt decoration station, where parents and children sat down and decided what they wanted their T-shirt to look like, making each one unique and different from the other.

We want to thank all the families who attended the summer fest and enjoyed the afternoon as much as we did.

We hope you enjoy your summer!
